## WORK EXPERIENCE

2013 - 2014

### INTERSHIP 1

**Moulya architects - Jayanagar, Bangalore.**

Provide Design support to the Principal architect of moulya architects and documenting the Design progress systematically with generating 3d views and preparing detailed working drawings to release GFC's (Good for construction) by co-ordinating with the site. As well managing schedules/calendars and overseeing construction management and Client meetings of the current/future projects .

1.I worked on design of residential school Planning|Elevation|Working drawings with the site area of 5acres. Its located in Dharmapuri, Tamilnadu. I co-ordinated with the construction team by Site supervising during important labour days and if we do some latter changes.

2014 - 2015

### INTERSHIP 2

**aRED - Adyar, Chennai.**

Support Two Senior Partners, worked on master plan projects such as developing townships to Re-develop the suburb. I personally handled on one of thier institutional project [Crescent college -Architecture Block]. Its a G+8 Structure and we design it to be a green building.I helped them creating BIM model in Revit to do energy analysis to develop it as a green building. I was enrolled in site visits for supervising on-site works for first 3months (scheduled visits). And I worked on an Design scheme for an 33 acre Residential townships for VISHRANTHI in 3D developing , Documenting design works.

2015 - 2018

### PROJECT ARCHITECT

**atPSYLAB - Arumbakkam, Chennai.**

Its a start up Architectural firm . The Chief architect in Sydney,Australia. I have handed over a hand full of interior projects back to back. They specialize in Architecture, Urbanism and planning of a Building [Commercial | Residential | Townships ]. I had involved in giving scheme drawings, structural drawings by co-ordinating with associated structural engineer, Electrical drawings by calculating load and assisting with principal architect and Plumbing drawings for an Clubbed Apartment in Gandhi nagar,Adyar. Assisted them with dated site visits from the starting of the foundation to nearing completion. I have handled an interior project happened in Navin's Mayuram-Ashok Nagar for a 2BHK flat which got completed. i did the design according to clients satisfaction and we executed with our site supervisor.
