2016

Dear Sir,

I am writing in response to the position of Senior Manager, Maintenance advertised as being open with your company at this time. I am an experienced maintenance professional, who is skilled in plant layout, C.N,C machine tools erection & commissioning, mechanical, electrical, electronics, trouble shooting, preventive & predictive maintenance, S.P.MS and P.L.C C.N.C control systems, HT & LT Switch gear cables and many other areas. I offer significant abilities in the areas of projects and department management, document preparation breakdown trend, history card, spare parts control, COST CONTROL, ENERGY Audit and TS/ISO audit. Now I would like to bring my more than 36 yrs of expertise and knowledge to work for your company.

My ability to produce innovative and effective designs, work as a team player, and meet dead lines, together with my attention to detail have contributed to my successes in maintenance dept. I have performed and directed a wide variety of activities, including development and implementation new system and technologies in many industries. I possess outstanding, design, analysis and problems solving abilities and an adept at determining, specifications, preparing diagrams and schematics and authoring all documentation.

The accompanying resume can give you an idea of my potential for making a worthwhile contribution to your company. I believe it may be mutually beneficial for us to meet.

Thank you for your time and consideration.

**Sincerely yours,
K.L.Gurumurthy.**
