

Objective

Teacher with 1 year of work experience, seeking to build a long-term career as a middle school science teacher in a well-reputed institution. Utilize my dedication to students & encourage creativity and higher order thinking in a way that increases student performance.

Work Experience

St. Johns Sr. Secondary School (2019 – 2020)

- Handled Mathematics subject for Primary department.
- Ensured that all the students understand the curriculum and supported the students who required extra guidance.
- Conducted classes as interactive session, that helped to increase the student participation and interest over the subject.
- Designed activity-based homework for students to increase the interest of reading and doing homework which resulted in on time and 100% completion of all the task.
- Conducted class with aid-kit which makes easy for the students to understand the subject and retain student's attention and concentration throughout the session time.
- Prepare and administer subject test to students, completed test with detailed progress report for Parents and administration
- Increased standardized test scores in math by implementing creative course work into curriculum.
- Created a reward system to manage classroom behavior.
- Met parents to address and resolve student's behavioral issues.
- Played a key role in organizing school sports day and annual day and helped school management to organize other events to a grand success.
- Manage a structured and simulating classroom with responsibility.
- Fostered a warm and fun atmosphere conducive to learning kids.
- Nurtured a supportive learning environment.
- Delivered creative and interactive activities.
- Developed health and nutrition activities to inculcate and promote better food and exercise habits for students.
- Played a key role in organizing school sports day and annual day and helped school management to organize other events to a grand success.
