ACADEMIC PROJECT:

Project Name —

A COMPACT AUTOMATED INTRAVENOUS FLUID CONTROL DEVICE FOR MEDICAL APPLICATION.

Photography, Music, Driving and macking Electronic Equipment.

Showcase your Photography, Music, Driving and macking Electronic Equipment. to an employer

Photography

- It is my one hooby, photography adds so much value to our lives by recording special events, people, and places, while also helping us learn
- and grow as people.

Music

- Listening to music is a hobby because it can be very relaxing and enjoyable.
- According to Scientific American, listening to music helps reduce stress and anxiety, improves mental functions like memory and reasoning, promotes cardiovascular health, increases pain tolerance, reduces depression which improves mood.

Driving

- I really like traveling because it doesn't have to cost an arm and a leg. If you are strapped for cash, you

can couch surf and backpack all while visiting your favorite places.

Macking Electronic Equipment
- Doing small project's in home.

DECLARATION :

I hereby declare that all the above mentioned details are true to the best of my knowledge.
