OBJECTIVE

For past one and half year I've been worked in a medical billing company in international voice process in a night shift. I decided to explore my career in a different type of environment to improve my skills and knowledge.

EXPERIENCE

- **AGS health care**
  8/27/2019 - 04/05/2021
  AR caller
  I was worked as an AR caller in a medical billing company in denial management team. My day to day agenda is i will make call to the US insurance company to check on the claims status, claims mean it's a patient bill, billed by our provider for particular service has been rendered by provider. For those service provider post the bill to the insurance company for payment. We will get those information from insurance representative and take further action for the denial or rejection, if the claim was paid we will get the payment information and update those details in our software. In end of week we must maintain 100 percent weekly production and quality.
